Johnson Controls Northern New Mexico  
and Protection Technology Los Alamos

**Awards!**  
**1st place winners**  
**in each**  
**category receive**  
**\$100 gift certificates**

**Safety affects everybody, at home, school, work and play. Safety means many things to everyone, nobody wants to get hurt or see someone else get hurt.**

During National Safety Month in June, Los Alamos National Laboratory, the University of California, Johnson Controls Northern New Mexico and Protection Technology Los Alamos are co-sponsoring a "Safety for Life" poster contest in Los Alamos. We are inviting all Northern New Mexico students to participate in this safety awareness event by submitting original and unique artwork for a safety poster, portraying positive safety actions or behaviors that you observe in your home, school, work or recreational activity. Winning artwork will be duplicated in the form of safety posters for the sponsoring organizations.

**Criteria:** Any art medium may be used (crayons, paint, pencils, pens, etc.) Black and white will also be accepted. Maximum size of posters cannot exceed 11" X 17". Artwork will be judged by contest sponsors prior to June 18. Entries will be sorted by grade category (elementary, middle and high school). Each will be judged separately. Posters will be displayed and winners announced at the Safety Days community event in downtown Los Alamos on June 24. All entries will be returned and all students will receive a "Safety for Life" certificate for entering the contest.

**Submit poster artwork along with your name, grade,  
teacher's name and school mailing address, to:**  
**Safety Days Committee**  
**Los Alamos National Laboratory**  
**P.O. Box 1663, MS C177**  
**Los Alamos, NM 87545**

**Deadline May 28, 1999**

4/30/99 1:30 p.m.
